## **DETAILED ACTION**

### ***Response to Amendment***

All pending claims 1-8, 10-15, 17 and 20-23 were examined in this non-final office action necessitated by new grounds of rejection.

### ***Response to Arguments***

Applicants' declaration under 37 CFR 1.131 is noted. Applicants' declaration provides sufficient evidence of actual reduction to practice.

Applicant's arguments, see Remarks, filed 06 October 2008, with respect to the rejection(s) of claim(s) 1-8, 10-15, 17 and 20-23 under 35 USC 103 have been fully considered and are persuasive in light of the Applicants' declaration establishing 22 February 2000 as the effective priority date. Therefore, the rejections relying upon Henrion have been withdrawn since Henrion is no longer eligible prior art. Henrion's provisional filing date is 04 August 2000. However, upon further consideration, a new ground(s) of rejection under public use or sale has been issued. Applicants stated in the declaration that the invention was implemented no later than February 22, 2000. Applicants' provisional filing date is 12 April 2001.

Applicants are welcome to contact the Examiner for further discussion.

***Claim Rejections - 35 USC § 101***

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

**1. Claims 1, 2-8, 10-12, 15, 17, 20, 21 and 23 are rejected under 35 U.S.C. 101**

**because the claimed invention is directed to non-statutory subject matter.**

Applicants are claiming an apparatus merely in terms of software and data:  
e.g. engine(s), pricing database, advisor database, catalog database, content relationship manager and modules. Correction is required.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

**2. Claims 1-8, 10-15, 17 and 20-23 are rejected under 35 U.S.C. 102(b) based upon a public use or sale of the invention.**

Applicants declared the invention to be implemented no later than 22

February 2000.
